For Immediate Release:

Northwest Medical Center and Area Schools Host Successful Pink Out Football Game

(Albany, MO) October 10, 2014 – October is Breast Cancer Awareness Month, and Northwest Medical Center partnered with the Albany and Stanberry Schools to observe a “Pink Out” during the October 3 high school football game.

As the Albany Warriors took on the Stanberry Bulldogs in football action, fans were strongly encouraged to wear pink to honor breast cancer awareness and research.

Thanks to the generous support of both Bulldog and Warrior fans, over 500 pink t-shirts were purchased for the Pink Out game. Those sales generated over \$1,200 in profit for the Susan G. Komen Foundation. In addition, Northwest Medical Center made a matching donation of over \$1,200 to the local Albany Cancer Fund which serves both the Albany and Stanberry communities and supports area cancer patients with financial assistance and other care-related services.

“The Pink Out is simply the latest example of the way our communities have come together to honor and support those whose lives have been impacted by cancer,” says Jon Doolittle, President and CEO of Northwest Medical Center. “These are our hometowns at our best, reminding us all that there is no finer place to live.”

To learn more about the Pink Out or Northwest Medical Center’s Digital Mammography Program, visit www.northwestmedicalcenter.org or call 660-726-3941.

About- Northwest Medical Center has provided high-quality health services to residents in Northwest Missouri since 1957. Along with five satellite clinics and a full-service home-health agency, Northwest Medical Center continues its tradition of community healthcare utilizing leading-edge diagnostic equipment and boasting one of the top emergency room facilities in the region.
